Puzzle #2:

Superintendent George Burke informs you that you need a special legal document telling you where your property is, but his writing is so messy, it's like cracking a code to figure out what he said! Use this special Pigpen cipher to determine what exactly this legal document is called.

Use this special Pigpen cipher to determine what exactly this legal document is called.

Puzzle #3

Finally, after a brutal war, a long journey from Quebec, and a bunch of legal paperwork, you are officially a landowner! But to your dismay, when you arrive at your property, it is covered in rocks and trees - impossible for farming!! Plus, the winds are starting to change and you know you are running out of time before it's too late to plant crops! Solve the "picture math" and add up ALL the answers to figure out how many days it will take you to clear, plow, and plant your land!

1) 25 -  = 15

2)  + 10 = 30

3)  -  = _____

4)  × 4 = 20

5) 30 -  = 5

6)  ÷  = _____

7)  -  +  -  = _____

Don't forget to tally up ALL the answers to get your code!

Puzzle #4:

Congratulations!! Your property is cleared and the field is plowed and planted, but your work isn't done! Time to "build" your next puzzle! Cut out the pieces on the next page and assemble your jigsaw puzzle. How many windows do you see on your new property?

Puzzle #5: The Last Step!

You have finally arrived at the last step! Survived a war, travelled across the colony, physically cleared your land, planted your crops, AND built a house. There have been a few rainy days, and the wind is definitely getting colder. You've always heard the famous phrase "Pdnh kdb zkloh wkh vxq vklqhv!" Use the Caesar cipher to figure out what your final step is - or face the wrath of winter!

"Pdnh kdb zkloh wkh vxq vklqhv!"
